146 INTERNATIONAL PARTNERS

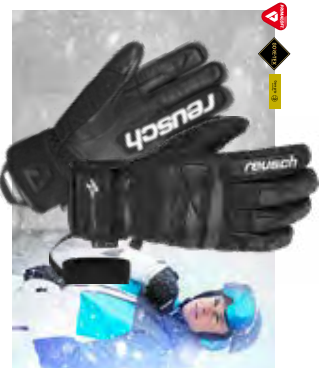

THE REUSCH SIGNATURE LINE.

ROLE MODELS | SUPERSTARS | TRAILBLAZERS

Developed, tested and approved by the world's leading group of skiers. In close cooperation with our long-time partners we created an outstanding glove line that represents the styles, tastes and needs of the ones that are constantly pushing the limits of perfection.

MIKAELA SHIFFRIN | MARCEL HIRSCHER
ALEXIS PINTURAULT | HENRIK KRISTOFFERSEN
ANNA VEITH | LARA GUT-BEHRAMI
JÉRÉMIE HEITZ | DARON RAHLVES

**ALEXIS
PINTURAULT**

Inspired by his mentality of hard work and perfectionism, we have developed Alexis' model as a performance-oriented ski glove. Made with Gore-Tex, goatskin and softshell, it combines everything needed on a sportive ski day: warmth, waterproofness, comfort and perfect grip.

**HENRIK
KRISTOFFERSEN**

With its clean and timeless design, very soft yet resistant goatskin upper with palm reinforcements, reliable padding elements and an extra warm insulation, the signature glove of the reigning GS World Champion offers best facility, outstanding wearing comfort and an unrivalled fit.

BE THE ONE.

Mikaela

**MIKAELA
SHIFFRIN**

**THE CHOICE
OF THE CHAMPION!**

In close cooperation with Mikaela Shiffrin we have engineered this highly comfortable, extra warm and guaranteed waterproof ski glove, offering a soft yet resistant sheepskin palm, a highly flexible softshell backhand and many small details that represent Mikaela's taste: five stars on the closure, her signature on the cuff and the motto **#ABFTTB** to remember her and all ladies wearing the gloves to **Always Be Faster Than The Boys!**

**MIKAELA
SHIFFRIN R-TEX® XT**

[illegible]

A pair of brown leather motorcycle gloves. The gloves have a textured leather surface with visible stitching on the fingers and palm. They feature black wrist straps with buckles and a black wristband. A small black pouch is attached to the side of the glove.

MARCEL
HIRSCHER

60 01 211

MARCEL HIRSCHER R-TEX® XT

PAGE 25

Celebrating the incredible career of Marcel Hirscher with this full-goatskin leather, extra warm, waterproof and perfectly fitting ski glove. As the most successful alpine ski racer of all times, Marcel has won more important titles and trophies than any other skier before, lifting an entire sport into new spheres. With his greatest achievements as tonal silicone print on the palm and the big "8" on the cuff as reference to his record-number. Overall World Cup victories, this high-quality ski glove pays tribute to the era of the greatest ever.

This waterproof, comfortably soft and extra warm signature glove provides the ladies with a touch of graceful elegance and timeless chic. The backhand design excites with many unique details such as the scratches from the claws of a cheetah, Anna's favourite animals.

Anna Verith

6031215 ANNA VEITH R-TEX® XT

PAGE 58

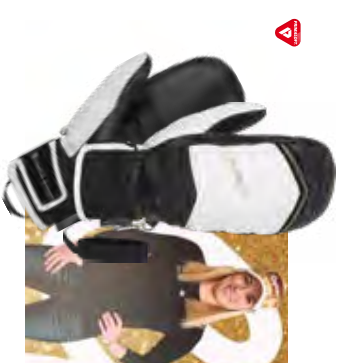

The tight-fitting, robust and super supple Jérémie Heitz pro model provides extra warmth, outstanding grip and tactility for one of the most progressive freeriders on earth, who is currently working on his brand new film and taking his unique skiing-style to the next step.

6002119

JÉRÉMIE HEITZ PRO MODEL

PAGE 53

Comfort on the highest level for all ladies seeking for uncompromising warmth! Lara's super fluffy, extra warm and guaranteed water-proof miteen combines flexible softshell with resistant yet very supple sheepskin and a super cosy teddyfleece lining.

2019

6031514 LARA GUT-BEHRAMI

PAGE 58

Following the taste of our American ski legend, this all new signature model comes with a striking lobster construction, ensuring warmth and facility on the highest level. A resistant goatskin upper, a waterproof membrane and an extra warm insulation get you ready for unforgettable powder days!

RE:KNIT

OUR RESPONSIBILITY.

As a company deeply rooted in the astonishing mountain region of the Alps and producing goods for the everyday outdoor experience, we do not only base our brand but our entire way of living on nature as main source of life, belonging and passion.

In order to minimize our company's impact on the environment and establish a more ecologically compatible business model, we are taking action to implement sustainable processes in the entire chain of sourcing, manufacturing and distributing Reusch gloves.

QUALITY

We consider the product quality and longevity as an important factor for sustainability. Thanks to the know-how and expertise we have gained as glove makers since the foundation of our company 86 years ago, and by collaborating with specialized and long-term manufacturing partners, we achieve an outstanding workmanship and quality of our products, resulting in long-lasting goods and a minimal claim-rate.

RECYCLE

25% of all glove models in the collection contain post-consumer recycled (PCR) ingredients. Polybags used for the packaging consist of 100% recycled material.

PFC REDUCTION

We are determined to progressively eliminate DWR treatments including long-chain fluorocarbon compounds (PFCS). 10% of all glove models in the collection are made with PFC-free CD DWR treatments, with the aim to further increase this percentage in the future. Our R-TEX® XT insert is PFC-free.

WATER & ENERGY CONSUMPTION

By applying the special Dope Dyed technology we avoid any water consumption in the dyeing process of 44 SKUs in our collection and aim to further increase this percentage in the future. Thanks to improved logistics and intense production planning we manage to almost completely eliminate airfreight shipments of our goods and with it reduce CO₂ emissions.

Full focus on sustainability
without sacrificing the quality, performance and comfort:
We proudly introduce the more collection.

minimizing impact.
optimizing performances.

- PFC-free, highly durable 3-layer softshell.
- PFC-free, chrome-free leather.
- 100% post-consumer recycled, biodegradable PrimaLoft® Silver Bio™ insulation.*
- 100% post-consumer recycled, PFC-free insert.
- 85% post-consumer recycled lining material.

60 01 804 REUSCH EXPLORER PRO R-TEX® PCR
LOBSTER

Full focus on sustainability without compromising the comfort and performance: this innovative glove features a PFC-free, highly durable 3L softshell, PFC-free & chrome-free leather, 100% PCR and PFC-free insert, 100% PCR and biodegradable PrimaLoft® Silver Bio™ insulation as well as a 85% PCR lining. As 3 in 1 glove it features a fully insulated, soft and replicable inner glove combined with a waterproof, and highly durable outer glove in toster construction.

6001 202 REUSCH EXPLORER PRO R-TEX® PCR LC

performance: this innovative glove features a PFC-free, highly durable 3L softshell, PFC-free & chrome-free leather, 100% PCR and PFC-free insert, 100% PCR and biodegradable Primaloft® Silver Bio™ insulation as well as a 85% PCR lining.

60 01 203 REUSCH EXPLORER PRO R-TEX® PCR SC

Full lifecycle sustainability without compromising the comfort and performance: this innovative glove features a PFC-free, highly durable 3L softshell, PFC-free & chrome-free leather, 100% PCR and PFC-free insert, 100% PCR and biodegradable Primaloft® Silver Bio™ insulation as well as a 85% PCR lining.

* 93.8% DECOMBUSTION IN 500 DAYS UNDER ASBESTOS (D551) CONDITIONS (LANDFILL ENVIRONMENT), 95.2% BIOGAS PRODUCTION IN 630 DAYS UNDER ASBESTOS (D551) CONDITIONS (LANDFILL ENVIRONMENT). THE SITE PLANT AND EXTENT OF DECOMBUSTION GIVEN THAT THE PRODUCT WILL CONTINUE TO DEGRADE.

MAXIMUM PROTECTION. PREMIUM MATERIALS. OUTSTANDING FIT.

Developed in close collaboration with the leading World Cup athletes and ski federations, the brand new Warrior collection is ready for ski racing performances on the highest levels.

II THUMBGUARD™

As the most exposed part of the hand, thumb injuries are very common among ski racers. To minimize the risk, this glove protects more than 80% of the thumb area with ceramic printed protection elements.

I GROUND CONTROL™

Slim embossments in the form of streamlined rails on the back of the fingers and the upper backhand increase the athlete's balance and control when touching the snow during high-speed turns.

III SAFETY UNIT™

This exclusive one-piece protection system reduces the risk of injury around the entire upper backhand through a total impact dispersion and so absorption of even the hardest hits on the racing track.

III WRIST SHIELD™

The glove's outstanding protection from top to bottom is completed with a pre-formed composite guard around the neoprene cuff, adding additional support when tearing down the red and blue gates.

TECHNOLOGIES

SHELL

Decides about the glove's durability, weather resistance, breathability, wearing comfort and look.

PAGE 132

MEMBRANE

Keeps the glove guaranteed waterproof and windproof.

PAGE 133

INSULATION

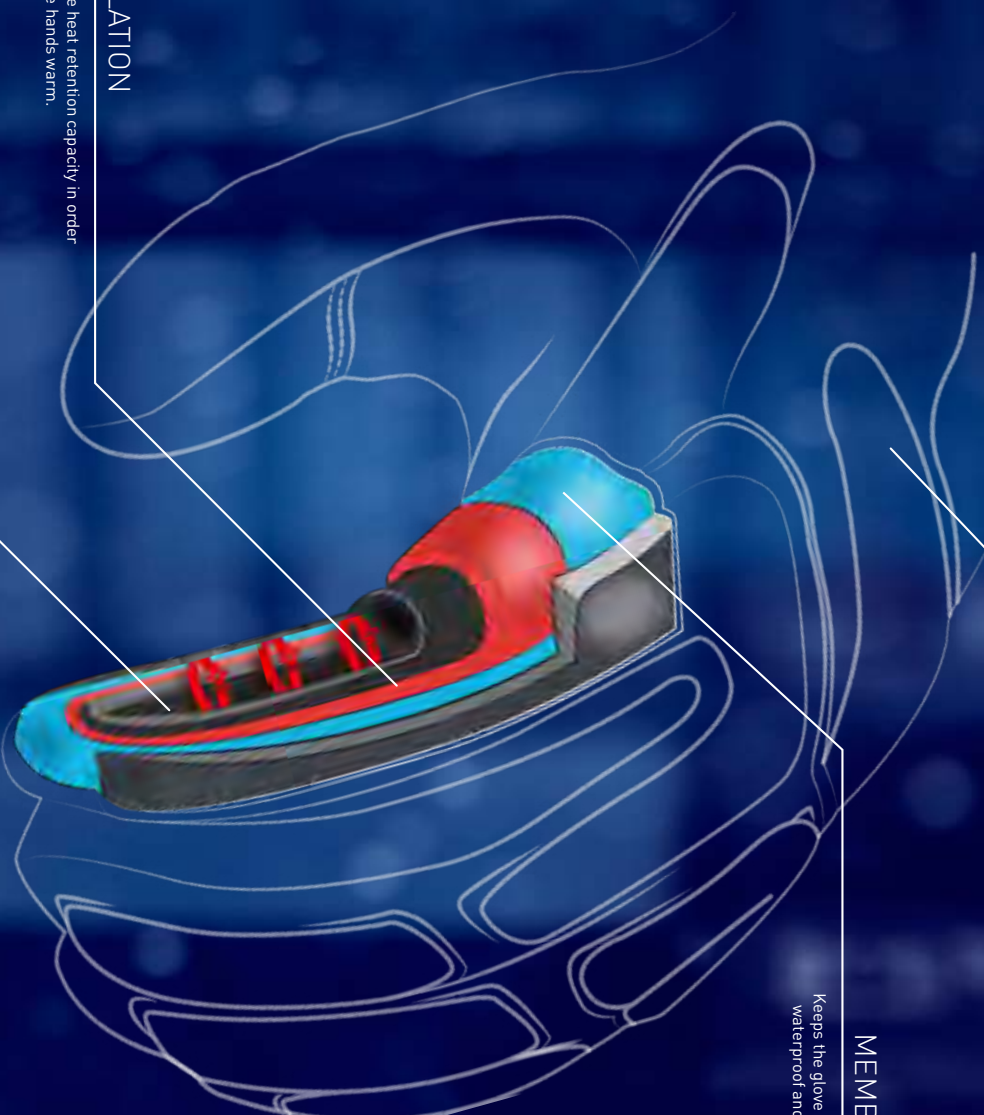

Defines the heat retention capacity in order to keep the hands warm.

PAGE 134

LINING

Absorbs sweat and provides a gentle touch in direct skin contact.

PAGE 136

A BRAND BASED ON QUALITY.

SINCE 1934

Reusch is a worldwide operating glove manufacturer. Since the foundation of our company 86 years ago, we have acquired the knowledge and skills to produce outstanding products. As leading winter sports glove brand we follow our mission of creating excellence on all fronts and see it as our duty to produce the best gloves in terms of fitting, materials, performance and comfort.

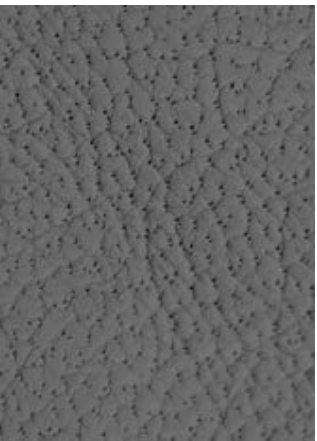

This mindset is the cornerstone for all of our products – it's the standard that defines the Reusch quality. In close cooperation with some of the world's best winter sports athletes and in constant examination of the market's needs and desires, we make sure to stay in touch and on eye level with all the snow enthusiasts out there.

RETECH MAGAZINE
INCLUDING DETAILED
DESCRIPTIONS OF ALL
USED TECHNOLOGIES

SHELL MATERIALS

THE OUTER MATERIAL DOES NOT ONLY DECIDE ABOUT THE LOOK OF A GLOVE, IT ALSO INFLUENCES ITS DURABILITY, WEATHER RESISTANCE, BREATHABILITY AND WEARING COMFORT.

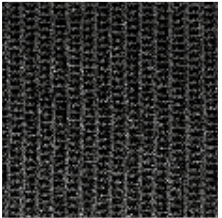

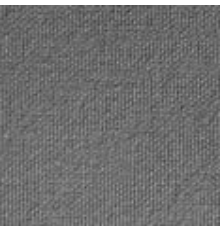

LEATHER

- Premium shell material
- All leather types are resistant, durable, soft, windproof, water repellent
- Different leather types with very specific characteristics:
 - **Sheepskin:** extremely soft and smooth
 - **Goatskin:** extremely robust
 - **Japanese Cowhide:** soft and robust
- Outer appearance changes in time without affecting its performances

- Highly stretchable, soft and smooth
- Pleasant touch, high wearing comfort
- Windproof, water resistant, highly breathable
- „2-way“ or „4-way“ stretch

SOFT SHELL

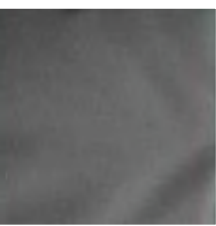

RE:KNIT

- Made of 100 % knit material
- Entirely seamless, one-piece backhand and gusset construction
- Only one thread per colour needed
- No waste from production
- Seamless comfort and unlimited freedom of movement

MICROFIBERS

- Non-stretchable, very durable material
- Highly robust
- Guaranteed windproof and water resistant
- Either twill or plain woven textiles

MELANGE FABRIC

- Two different coloured Polyester fibers form Melange yarn
- Very soft
- Windproof, water resistant, highly breathable
- Unique colour effects

MEMBRANES

OUR HIGH-QUALITY INSERTS KEEP THE GLOVES GUARANTEED WATERPROOF, WINDPROOF AND BREATHABLE.

Gloves engineered with GORE-TEX inserts offer enduring weather protection and comfort with balanced heat transfer and optimum moisture management – even in harsh conditions.

GORE-TEX GLOVES + GORE GRIP TECHNOLOGY

- Offers an innovative layered construction
- Provides outstanding dexterity and tactility for an optimum grip

GORE-TEX GLOVES + GORE ACTIVE TECHNOLOGY

- Increased level of comfort in an even wider range of activity levels
- Whole system of inner lining membrane and outer material is optimized for enhanced breathability

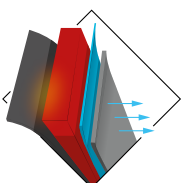

GORE-TEX GLOVES + GORE WARM TECHNOLOGY

- The warmest GORE-TEX gloves available, optimized to keep hands warmer for longer
- Whole system of inner lining, membrane and outer material is engineered to enable higher insulation performance

GORE-TEX INFINIUM™ WINDSTOPPER®

- Offers absolute windproofness
- Extremely breathable
- Designed for exceptional skin comfort

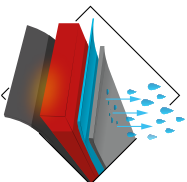

STORMBLOXX™

- Laminated on the inside of the shell material or lining
- Serves as wind breaker
- Windproof and water repellent
- Highly breathable and fast-drying

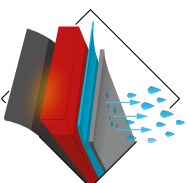

R-TEX® XT

- Insert membrane
- Waterproof, windproof, breathable
- Very thin, soft and stretchable
- Provides unlimited ease of movement
- Quick moisture transport to the outside

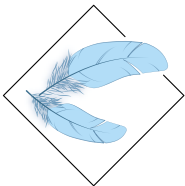

R-TEX® PCR

- Based on 100% post-consumer recycled material
- Insert membrane
- Waterproof, windproof, breathable
- Very thin, soft and stretchable
- Provides unlimited ease of movement
- Quick moisture transport to the outside

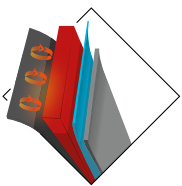

INSULATION

THE INSULATION LAYER DEFINES THE GLOVE'S HEAT RETENTION CAPACITY IN ORDER TO KEEP THE HANDS WARM.

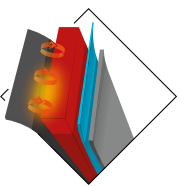

REALDOWN

- Goose, duck or eider down feathers
- Best warmth-to-weight ratio
- Soft, light and fluffy nature with excellent heating capacity
- Protected by breathable and waterproof "down-proof bag"

R-LOFT™

- Extra warm and very soft synthetic insulation
- High volume and low in weight
- Keeps heat inside the glove
- Provides maximum comfort

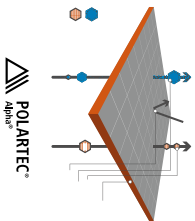

TECFILL™

- Synthetic fiber insulation
- Compact and solid insulation
- Offers an adequate amount of warmth

MEIDA® DRY®

- Exclusive cooperation between Meida® and Reusch
- Used on the palm side only
- Combination of warmth, waterproofness, breathability
- Thin structure guarantees high tactility and a direct grip to the ski pole

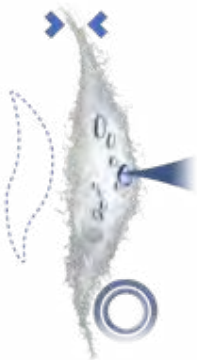

POLARTEC® ALPHA®

- Synthetic fiber insulation
- Warmth without weight
- Exceptional compressibility, fast dry times and breathability
- Originally developed for the U.S. Special Forces

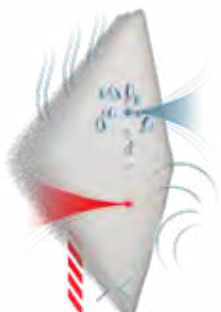

PRIMALOFT® SILVER BIO™ INSULATION

- Made from 100% recycled PET bottles
- Designed to return to nature
- Keeps you warm even in wet conditions, dries fast
- Packable, breathable and soft

PRIMALOFT® BLACK INSULATION THERMOPLUME®

- Synthetic fiber imitation of goose down
- Lightweight warmth, softness and compressibility
- Tufts of fiber plumes form a loose fill insulation
- Thermal properties equivalent to 550 fill power down
- Keeps warm even in wet conditions

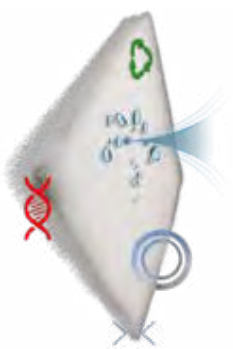

PRIMALOFT® GOLD INSULATION ECO

- The most thermally-efficient synthetic insulation available
- Made of 55% recycled fibers
- Polyester-cotton, soft and lightweight
- Water-repellent, weather resistant and breathable
- Keeps warm when wet

PRIMALOFT® GOLD INSULATION DOWN BLEND

- Combination of goose down and synthetic fibers
- Warmth equivalent to 750 fill power down
- Maintains 95% of its warmth capabilities when wet

PRIMALOFT® GOLD WITH CROSS CORE™ TECHNOLOGY

- Innovative synthetic insulation
- Delivers unprecedented lightweight warmth
- Aerogel technology is fused with PrimaLoft® Gold insulation
- Ensures wet weather protection

LININGS

The first layer plays an important role for the moisture management, hygiene and wearing comfort of the glove. It does not only provide a gentle touch in direct skin contact, but most of all absorbs sweat and releases it on the outside.

MICROACTIVE

- Very soft polyester lining
- Offers high wearing comfort and prevents from skin-irritations
- Absorbs moisture from the skin and transports it to the surface
- Temperature-regulating and anti-static capabilities

SOFT PLUSH

- Extremely soft material
- Super gentle touch and outstanding comfort
- High-loft structure offers extra amount of warmth
- Absorbs moisture from the skin and transports it to the surface

HEAT CERAMIC

- Ceramic particles on the inner side of the lining
- Increased thermal resistance by up to 18% percent
- Deep heat conduction through infrared radiation
- Enhances the body's blood circulation

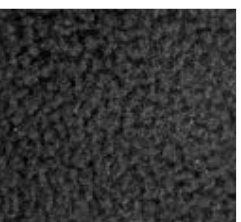

DRYFLEECE™

- Quality seal for the highest functional Reusch fleece materials
- Comfortably soft and warm
- Fast-drying material
- Excellent wicking abilities

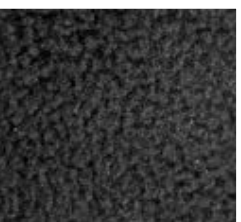

POLARTEC® MICROFLEECE

- Fleece made of recycled polyester fibers
- Extremely soft and comfortable in direct skin contact
- Outstanding moisture wicking abilities
- Temperature-regulating and anti-static capabilities woven textiles

MICROACTIVE 100% PCR

- Made of 100% post consumer recycled (PCR) fibers
- Based on very soft and comfortable Microactive polyester lining
- Fuller and better hand feeling
- Increased wicking abilities

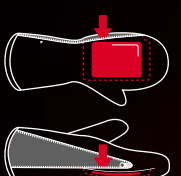

WARMTH INNOVATIONS

Thanks to exclusive solutions and technologies Reusch gloves keep the skier's hands warmer and better-performing in any kind of weather condition and situation.

INTELLIGENT HEATING POCKET™

- Patent pending construction that creates long-lasting warmth
- Thanks to special pocket, heating pad can be placed in between insulation layers
- Warmth is stored, kept inside the glove and protected by insulation layers

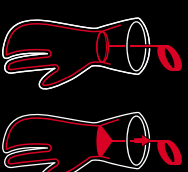

BABY HEATING POCKET™

- Intelligent Heating Pocket™ system adapted to the needs of babies
- Down insulation layer underneath the heating pad protects hands from direct heat
- Warmth is stored and kept inside the glove

REUSCH HEATING PADS

- Offer eight hours of warmth with a heating capacity of up to 55°C
- Odorless Heating Pads are automatically activated by air
- After use they should be disposed in household waste

HEAT CAPTURE SYSTEM™ TECHNOLOGY

- Patent pending technology
- Gaiter construction on the inside of the cuff stores warmth and comfort
- Builds an impassable barrier for snow, wind and cold
- Gaiter gets automatically loosened by releasing the leash

THERMOHOODS™

- Dryfleece™ material covers the finger tips
- Offers additional warmth in this highly sensitive area
- Placed on top of the insulation layer

AS HIGHLY TECHNOLOGICAL AND DELICATE PRODUCTS, WINTER GLOVES DESERVE AND NEED SPECIAL ATTENTION.

FOLLOWING SOME BASIC RULES WHEN USING, CLEANING, DRYING AND STORING THE GLOVES WILL HELP MAXIMIZING THEIR PERFORMANCE AND DURABILITY.

WASHING

- Wash by hand and not in the washing machine.
- Wash the gloves with lukewarm water and regular laundry detergent.
- Do not use aggressive solvents or harsh cleaners.
- Do not use softener for gloves with membrane.
- Additionally be aware of any care instructions on the inside of the glove.

DRYING

- Let the gloves dry slowly by air.
- Keep away from radiators or other sources of direct heat.

LEATHER TREATMENT

- Clean full-leather gloves only by wiping them with a wet tissue.
- After drying, treat leather gloves with dubbin or a similar type of regular leather care product.
- Be aware of any instructions written on the used leather care product.
- The Reusch Leather Care wax enhances the durability of the leather and maintains its smoothness. Store the wax at room temperature.
- As a natural material, the outer appearance of leather may be slightly changed in the course of time. This does not affect its performance in any way.

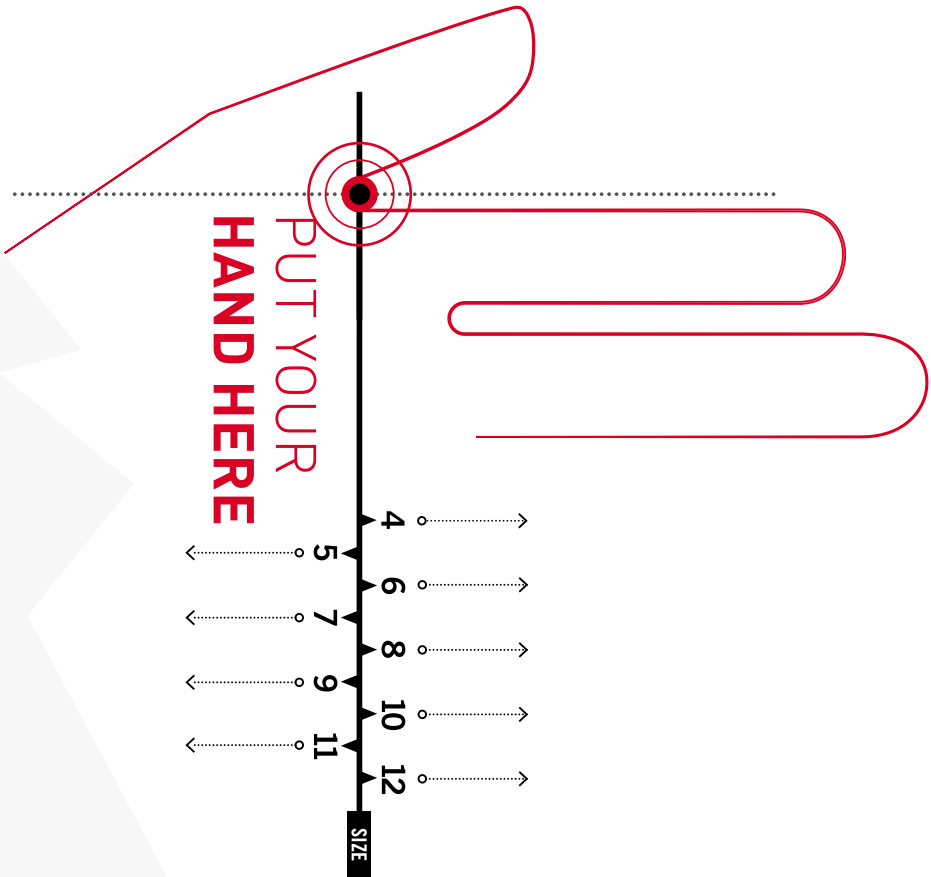

STORAGE

- Do not expose gloves to UV-radiation like intense sun light or light from fluorescent tubes.
- Store the gloves in a cool, dark and dry place.

WEARING TIPS

- Many gloves come with an integrated storm leash that can easily be fastened around the wrist.
- Small woven loops on the inside of the cuff make it possible to add external storm leashes.
- Never grab the skis on their sharp edges, as they can scratch or cut the upper material of the glove.

HOW TO TREAT
WINTER
GLOVES RIGHT:

**GET YOUR
ACCESS
TODAY!**

ENTER THE REUSCH B2B SERVICE PORTAL!

Our service portal is an online shop for business customers.

Unlike telephone, e-mail or fax orders, the platform immediately offers an availability overview. The system is connected to our ERP system and is updated every 15 minutes. Any dealer with an active access can order around the clock.

WHY SHOULD YOU USE OUR SERVICE PORTAL?

- Order at any time of day or night, regardless of your or our office hours
- Simple overview of the available sizes and colours
- Modern, simple and fast processing - no waiting times on the phone
- Print option and electronic archiving of all orders

GET YOUR ACCESS NOW:

Either contact your field representative (service@reusch.com), or request access directly through <https://b2b.reusch.com>. You will receive your access data within 24 hours.

Be one step ahead – together with us.
